6:30 – 9:30 PM
SUNY Morris Complex

The City of Oneonta is in the process of updating its 1995 Comprehensive Plan. The city has contracted with Clark Patterson Associates to assist in the planning process to develop a new comprehensive plan.

A public workshop will be held on October 25, 2006 from 6:30 to 9:30 PM at the Morris Complex on the SUNY Oneonta Campus. The public is cordially invited to attend. Participants will have the opportunity to be directly engaged in the development of the City's Comprehensive Plan. The Workshop will allow for constructive discussion of issues such as the development of policies for future land use, community and economic development.

The City of Oneonta welcomes the insights and expertise of its residents and other stakeholders as it moves forward with the preparation of the updated Comprehensive Plan. This document will provide the foundation for future decisions at all levels of City government and will help guide capital investments over the next decade.

The workshop is intended to encourage a community-wide involvement in defining the overall vision for future of Oneonta. An agenda and handouts will be provided to attendees at the October 25th session.

Refreshments will be provided.
