August 14, 2020

The City of Oneonta has established a dedicated hotline for citizens to report concerns over gatherings that are seen as jeopardizing public health during this time of COVID-19 pandemic. New York State Law currently prohibits gatherings at which individuals cannot remain a minimum of 6 ft distance from others. Under no circumstances are gatherings of more than 50 persons permitted. City of Oneonta Mayor Gary Herzig explains, "The people of Oneonta have succeeded in taking the steps necessary to keep our number of COVID cases low. With the coming of Fall, come new challenges. We intend to be vigilant in continuing to keep all members of our community safe. Concerns may be reported by either phone call or text message to (607) 376-7453.
